Title: Need to ensure timely completion of ongoing Road Over Bridges works at Maryala Hundi and other sites on Mysore-Chamrajanagar Broadgauge section in Karnataka by Railways.

SHRI R. DHRUVANARAYANA (CHAMRAJANAGAR): The people of my constituency feel that railways should take up speedy completion of the ongoing road underbridge works on the Mysore-Chamrajanagar Broad Gauge section. This section serves a revenue generating cluster of major industrial units in the Nanjangud region next only to Bangaluru. A case in instance is the slow pace of work on the Maryala Hundi road over bridge, earlier scheduled for completion in November 2009 but nowhere near completion. There is need to construct road under bridge at Chinnadagudi Hundi, Badana, Guppe and two more locations in Nanjangud Town. During my visit to the site of the on-going road under Bridge at Nanjangud. I had noticed work not being done as per the specified norms and standards. I urge the Centre to issue immediate directives to the South-Western Zonal authorities to ensure time-bound completion of the on-going road over bridge works at Mariyala Hundi and other sites in the Mysore-Chamrajanagar broad gauge section.
